

Children help less fortunate

Schoolchildren have raised more than £4,000 for youngsters in Iraq, Sudan and Bangladesh.

Pupils at 20 schools and nurseries took part in an annual children's campaign run by the Bradford-based Human Relief Foundation.

Schools including Belle Vue Boys, Bradford Grammar, Byron Primary, Frizinghall Primary, Grange Road Primary, Margaret McMillan Primary, Princeville Primary, Thornbury Primary and Westbourne Primary, helped come up with the cash by making donations and organising fundraising events.

Project co-ordinator Yousaf Razaq said: "The amount will go a long way to relieve the suffering of children afflicted with poverty."

The charity, based in Great Horton, Bradford, has worked in 40 countries since it was set up in 1991.
